OUR TRACK RECORD

	<p>Project: 300MW Solar Farm Client: Confidential Location: Palauig, Zambales</p> <p>Owner's Engineer Services</p>
	<p>Project: 60MW Solar Farm Client: Confidential Location: San Manuel, Pangasinan</p> <p>Owner's Engineer Services</p>

WHY CHOOSE US

YOUR TRUSTED PARTNER IN RENEWABLE ENERGY PROJECT SUCCESS

TECHNICAL MASTERY

Our multidisciplinary team brings deep expertise in engineering, regulatory compliance, and energy systems, ensuring your project is built on a foundation of excellence.

PROVEN TRACK RECORD

With over 2,900 MW in development and 700+ MW constructed, SIDCORE delivers projects that meet performance, cost, and timeline expectations.

END-TO-END SOLUTIONS

From permitting and land rights to EPC oversight and quality assurance, we manage the entire project lifecycle—so you don't have to.

REGULATORY PRECISION

We navigate complex local and national frameworks to secure approvals, mitigate risks, and accelerate your time-to-market.

CLIENT-CENTRIC APPROACH

At SIDCORE, we don't just manage projects—we build partnerships. Your vision drives our solutions.
